

Expression of interest (Eoi)

Please type your initial response to the client below:

My name is Marwa and I am writing to express my interest in your project on supporting web application development needed for healthcare application.

After reviewing your project description,

Looks like you need to connect patients directly to their doctors by taking PSD mockup files from our designer and turning them into custom code using HTML, CSS and JavaScript

I recommend using React JS It is an opensource JavaScript library used to build highly responsive user interfaces.

React makes creating interactive user interfaces painless. Design simple views for every state in your application, and React will only update and display the correct components when your data changes.

I have one year of work experience in the specified field and can complete 10 pages in three months.

I look forward to working with you

It is considered,

Marwa Mahmoud Noseir
